INTRODUCTION

Heart2Soul Connection
ANIMAL COMMUNICATION AND HEALING

As an Animal Communicator and Reiki Master, crystals have become a huge part of my practice in terms of healing both animals and their guardians alike.

This brochure is aimed at the beginner who would like to know a little bit about crystals linked to their birth month. It may also serve as a good basic guide in terms of your crystal selection.

In my opinion however, the best method to choose your crystal is always going to be by listening to your intuition, however.....if you really want to choose crystals dependent on your birth month, then this little guide is just for you!

Happy reading!
